RFF1200_R01

yellobrik®

Description

The RFF 1200 is a rack mountable fan tray that provides additional cooling for yellobriks modules. It has two power supply inlets at the back for redundancy and two power status LEDs at the front.

Operation

To power the RFF 1200 a 12V/1.25A DC power source with center positive 5mm barrel connector is required. LYNX Technik offers the following power supply options:

- **RPS 1018** Single yellobrik 18W Power Supply (12V/1.5A)
- **Y-TAP 1200** Split Power Adapter for Rack Power Supplies

**RPS 1018****Y-TAP 1200**

Technical Specifications

Power Inputs	2x 12V DC/1.25A primary and secondary power input Connector Type: 5mm barrel connector 2 Power LED on front of chassis
Ventilation	6 High power, low noise fans to move air from front to below
Size	19" Rack mount x 1RU high x 145mm deep (5.7")
Weight	1.6 kg (3.52 Lbs) - with no modules or power supplies installed
Model #	RFF 1200 (EAN# 4250479329614)
Includes	Rack tray assembly, Y-TAP 1200
